# COOLANT ADDITIVE

## COOLANT ADDITIVE G13

**Number :** V60-0164

**OE-Number:** G 13A8JM1

### Application:

VW TL774J

### Colour:

Violet

### 1.5L - Exclusive - Made in Germany

VA-013 may be used with confidence in engines manufactured from cast iron or aluminum. VA-013 is particularly recommended for hi-tech engines, where high temperature aluminum protection is important. Compatible with other coolant based on ethylene glycol.

Content	Unit	Art No.	RRP
1.5L	12	V60-0164	€9.70
