OE Number: 1402701161

*Talk to your Mercedes
Specialist in your area*

*** On the 3 main Connectors the
Plastic has been reinforced.**

*The conductor plate, febi 32342,
fits all Mercedes 5-speed automatic
transmission This is a superseded
o.e. part with the latest connections
on the hall sender unit (most common
failure point) Other reasons for
failure include ATF contamination
(lack of servicing) which causes
the solenoids to stick.*

***The resulting failure =
the automatic transmission
will not change gear.***
