

The Problem

CSC with part number 804501 has had a design change and it has been identified that the newer version will not fit vehicles built before 08/1998 due to the quick release connector not fitting through the holes on the gearbox.

Below are pictures of the old and new versions of 804501 with the differences shown.

Old version of 804501 – Aluminium body

New version of 804501 – Plastic body

The new design of 804501 will not fit vehicles with a 17mm diameter hole in the gearbox. This gearbox was originally fitted to vehicles built before 08/1998.

Below is a list of all of the vehicles that are affected by the change in design of 804501. Dates highlighted in bold are the dates that the new version of 804501 will fit.
